Bespoke. British. Beautiful.

Creating Unique Designs

As Designer Kitchen Direct are a company with years of experience, we know you want to make your house a home, rather than just a place to live, which means decorating each room to match your unique stylistic preferences.

We're proud to have been designing and installing quality kitchens for over 40 years and we are one of the most experienced and established providers of bespoke kitchen design, manufacture & installation in the UK.

At Designer Kitchen Direct, we tailor everything to you. Our high-quality products are available in any colour, style and size – speak with our experienced in-house designers to help you find your perfect match.

Our experienced fitters are also on hand to bring your dream kitchen to life.

Hand-crafted, bespoke designs

We know that durability is just as important as style regarding bespoke kitchens, which is why we promise all our clients that their new room will last for decades with minimal required maintenance.

All furniture is made in our own factory in Newton Aycliffe and in addition to using the highest grade materials available and guaranteeing quality craftsmanship, we also cover our work with 10-year warranties for your peace of mind.

We keep our costs low by carefully sourcing British-made furnishings and by working skillfully and efficiently, but we never compromise on quality.

Don't hesitate to call our kitchen experts if you have any questions or wish to book a consultation.

The Design Process

Take the first step in creating your dream kitchen by calling into one of our spectacular showrooms, or telephone us to book one of our designers for a free survey. They will then add life and inspiration to your ideas by creating a 3D walk-through, assisting you in choosing colours, style and layout.

Arrange a Consultation

Speak with our 5-star customer service team to arrange a consultation at one of our showrooms. We will take you through everything, step-by-step, and show you examples of our beautiful kitchens.

Your Kitchen, Your Style

Our door ranges are all bespoke and created to match your exact specification as taken by the designer when they plan out the room. As all of our painted and solid wood designs are bespoke you can have any design you choose, just speak to your designer and they will make your dream a reality.

Kitchens can often be peculiar shapes, with stairwells, chimneys and even sloped ceilings adding difficult elements to any kitchen design. Our doors and cabinets can be supplied in various shapes and sizes to match any space, allowing us to incorporate these difficult features into your dream fitted kitchen with ease.

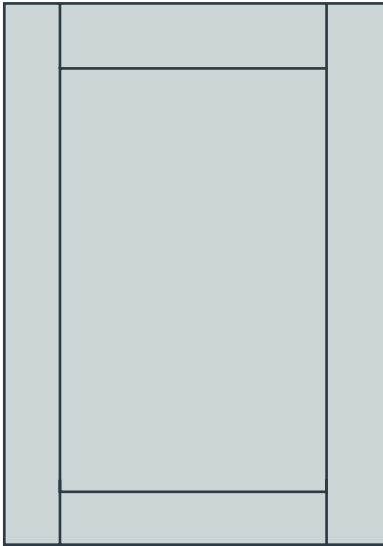

Our designers really excel at working with you to create your perfect space, guiding you through difficult choices such as door design, colour schemes and all the questions surrounding fixtures and fittings; especially when it comes to fitted wardrobes where the layout is designed to match your lifestyle.

We have a huge catalogue of designs to choose from, ranging from traditional solid wood to contemporary, Italian designs. All ranges have another array of accessories to choose from in a selection of colours and finishes to provide you with the perfect fitted kitchen that matches all your lifestyle needs. All our furniture is made in our own UK-based factory and will be customised to your taste.

Door Types

All of our doors are MDF, Oak or Ash, unless stated otherwise and are available in In-Frame
We colour match all of our door types to any Farrow & Ball tone, giving you complete control

Country & Contemporary

Imagine a kitchen that blends **country charm** with contemporary design, a space that feels light, relaxed, and effortlessly welcoming. We brought this vision to life with soft green cabinetry, warm textures, and carefully considered details.

The brief was to create an open plan kitchen that works for everyday living while maintaining a **calm and inviting atmosphere**. The large central island becomes the heart of the space, offering a place to cook, gather, and unwind.

Open shelving adds character without clutter, while statement lighting and natural light from the windows soften the room and enhance its warm, summery feel.

A Refined Luxury Kitchen Design

In this recent kitchen project, we've combined sophisticated materials, thoughtful layouts, and premium appliances to craft a space that balances elegance with everyday functionality. Every detail has been carefully selected to create a kitchen that is not only stylish but also incredibly practical. Let's take a closer look at what makes this design stand out.

The cabinetry in this kitchen features Barlow MDF slab doors, chosen for their flawless finish and durability. These doors are painted in Railings by Farrow & Ball, a deep, moody tone that adds richness and modern character to the space

The 20mm Fugen Amber Quartz worktop is a true showstopper. Its warm tones and subtle patterning bring an understated elegance to the space, perfectly complementing the dark cabinetry. To complete the look, 80mm upstands run along the walls, creating a cohesive and polished appearance throughout the kitchen.

For hardware, we've selected Alexander & Wilkes reeded bar handles in antique brass, which introduce texture and warmth to the design. These handles are paired with Auriga knobs in brushed nickel from Sterling, adding a soft metallic contrast to the darker tones of the cabinetry.

Lighting plays a crucial role in creating a welcoming and functional space. The sensor-activated strip lighting in the dresser offers both convenience and ambiance, while the stainless steel tracking adds a modern, sleek edge.
